

Bike Bunker & Bike Bunker ^{PLUS}

Dimensions in mm (external)

Height 1330
Width 1960
Depth 890

Overview

Cycle-Works has taken a great domestic storage unit and made it even better – by adding all those security features that we (as experienced cyclists and cycle storage specialists) feel are important: Two large 100mm stainless steel hasps on the front of the unit, as opposed to the standard 60mm hasp. This means that there are four locking points in total, one each side and two on the front of the unit. Structural improvements that make the locker more secure and tamper-resistant.

Bike Bunker ^{PLUS}

The Bike Bunker PLUS has all the same features as the standard Bike Bunker but it is the only cycle store which has been tested and certified by the Loss Prevention Certification Board and awarded the LPS1175 Security Rating 1 and in addition has achieved the Police SBD mark (Secure By Design) "Preferred Police Specification."

The Bike Bunker PLUS is supplied complete with two stainless steel hasps with two high security padlocks (Sold Secure Gold Approved), a Heavy Duty Ground Anchor (again Sold Secure Approved) complete with High Security Cable (Loss Prevention Board tested) which prevents the cycles from being removed.

Features & Benefits

- Constructed from strong PVC coated galvanised steel.
- Upgraded security.
- Easily hold 3 bikes and accessories.
- Spring assisted opening action.
- Blends into an urban environment.
- Good weather protection.
- Maintenance free.
- Fire resistant.

Bike Bunker & Bike Bunker PLUS

Delivery

The unit is delivered as a flatpack for self-assembly. This usually takes two people approximately half a day, using standard tools.

About Cycle-Works

Cycling is our passion. We believe that cycling is good for people, good for society and good for the environment. This belief underpins everything we do. We believe that the provision of quality facilities will increase the use and acceptance of the bicycle.

All our employees and associates cycle regularly in diverse disciplines such as commuting, touring and long distance audax rides. We are active in both local and national cycle campaigning.
